

Region I – WebEOC Drill 2017

DRILL

October 12, 2017
9:00 a.m.
Location: Online

GOAL

Double the number of participants from 2015 Drill

TIPS

- Make sure you know your Log In information
- Log In to WebEOC *prior* to the Drill date
- If a refresher is needed, reach out to Brett Hendrix or complete the Just In Time Training located on the SEMA WebEOC page ([Under Help Files and Tutorials](#))

SAVE THE DATE

Two years ago Region I completed a WebEOC Drill which indicated gaps of knowledge and usage within the region. As a result, WebEOC training was conducted in each county to close these gaps and increase the number of active users. To complete the cycle and show improvement has occurred, there will be a follow-up Drill scheduled for October 12, 2017.

Drill Information

This Regional Drill will be initiated by an e-mail.

Tasks

Complete details will be included in the e-mail participants will receive on the date of the Drill.

Participants shall:

1. Log into WebEOC
2. Sign into the Sign In/Sign Out Board
3. Complete a Situational Status Update with information from the e-mail.
4. Sign out of the Sign In/Sign Out Board
5. Log out of WebEOC
